

CUSTOM BARRIERS

CUSTOM FIT SOLUTIONS FOR A CLEAR PICTURE, INCREASED PRODUCTIVITY AND SUPERIOR INFECTION CONTROL.

New
Convenient
Packaging

COMPETITOR SHEATH

A competitor's camera sheath gives the dentist a blurry picture, making the view of the tooth difficult.

TIDI CUSTOM BARRIER

A TIDI Custom Barrier, with its tight fit around the camera, provides a perfect view – and superior infection control!

NO SHEATH

Without a protective sheath, the intra oral camera offers an unobstructed view, but with the threat of cross-contamination.

TIDI CUSTOM BARRIERS PROVIDE:

- Custom fit infection control
- Clear window for superior image quality
- Easy to apply and remove
- Latex free
- Part number printed on sheath
- Certified ISO 9001 and EN ISO 13485

For a no charge sample of any TIDI product, call 1.800.521.1314 or visit www.tidiproducts.com

Visit our website to view a video with information on how to use our sheaths.
