

Personal Protection Equipment Must Be Worn

Before you enter:

Prepare
STOP
Protect
Educate

*** Always refer to your facility's policy and procedure manual for proper selection and donning of personal protection equipment.**

"Personal protective equipment will be considered 'appropriate' only if it does not permit blood or other potentially infectious materials to pass through to or reach the employee's work clothes, street clothes, undergarments, skin, eyes, mouth, or other mucous membranes under normal conditions of use and for the duration of time which the protective equipment will be used."

O.S.H.A. Standard 29 CFR Part 1910.1030
